**Mounting module** FLW-BMP-M1

**Support panel** FLW-ABP-M1

# **Unloaded mounting modules**

# 111

## **Features**

**Media cabling** 

- Enables installation any teleinformatic component
- Facilitates development of LogiWire solutions
- Equipped with installation sieve (openings:

### **Features**

- Facilitates development of LogiWire solutions

- adapters
- for "keystone" modules, F-connector

# **Adapters**

6x keystone panel

FLW-APK-M6

4x keystone panel

FLW-APK-M4

6x F-connector panel

FLW-APFF-M4

### **Features**

- Facilitates mounting "keystone" adapters
- Design to construct indirect connection for transmission media
- 4 or 6 openings to mount "keystone" adapters
- 6 openings to mount FtoF

# 

## **Features**

- Cover extra cables inside mounitng box
- Protect cables against damage
- Height of cable entry: 30 mm
- Mounting openings for masking frames

# Power distribution units PDU-2BB

## **Features**

- Cable terminated with power unit
- Max. electrical load 16 A
